

SHOT HIS TWO BROTHERS

Then Turned the Weapon On Himself Last Night

AND ALL ARE LIKELY TO DIE

Failure of George and Elias Khoury to Turn Over Money Which Nicholas Khoury Demanded to Given as Reason for Lawrence Tragedy.

Lawrence, Mass., Oct. 12.—Three brothers, George, Elias and Nicholas Khoury, who figured in a shooting affair here last night, are reported to be dying in the hospital to-day. Nicholas is alleged to have shot himself fatally after wounding his two brothers. The failure on the part of George and Elias to furnish Nicholas with the money, which he demanded of them, is given as the reason for the shooting. The Khourys are Syrians.

HAO YAN'S CAPTURE MEANS MUCH

Includes Revolutionists' Arsenal and Iron Works—Losses in Fighting Aggregate Several Hundred—Chinese Joining Movement Voluntarily.

Hankow, China, Oct. 12.—The revolutionary movement is gaining momentum with every hour. Since yesterday it has swept the city of Han Yang and the native quarter of Hankow. Great numbers of Chinese are joining the movement voluntarily. The losses in fighting thus far aggregate several hundreds and the slogan of the movement, guided by shrewd and temperate leaders, evidently is, "Down with Manchus." Thus far there has been no indication of any animosity against the foreigners on the part of the revolutionists. The capture of Han Yang, with a population of 100,000, just north of Hankow, has delivered the revolutionists' arsenal and the important Han Yang iron works.

FILE THREE INFORMATION.

Men Said to Have Assaulted Workman Who Refused to Go on Strike.

Burlington, Oct. 12.—Charged with interfering with an employee of the spinning department of the mills of the American Woolen company during the strike of spinners on Tuesday night, Fred Myers, George Wheat and Albert Prevost were yesterday placed in jail. Yesterday afternoon information charging them with breach of the peace were filed in Chittenden county court by State's Attorney Shaw.

The dramatic tint was furnished by the arrest of Prevost yesterday afternoon, who was chased by Sheriff Allen and Deputy Sheriff Ravlin. The officers were in an automobile and Prevost was on foot, hence the chase was short. By dodging behind buildings on the flats, Prevost succeeded in eluding the officers for some time.

INJURIES MAY CAUSE DEATH.

Fucher Attacked by Vicious Horse in Philadelphia Street.

Philadelphia, Oct. 12.—Attacked by a horse while attempting to cross a crowded thoroughfare last night, Jacob Fucher was so seriously mangled that he may die. The horse seized Fucher with its teeth, whirled him around in the air, then tossed him to the ground and trampled upon him.

Greatest Suckers on Earth Are American Millionaires.

"Take it from me, there's no bigger sucker on earth than an American millionaire who is setting up as a collector," says the "con" man in Finley Peter Ditine's new series of satires, "Mr. Worldly Wiseman," in the October American Magazine.

"He'll stand a line of talk that would make an Indiana farmer call for a cop. But you have to lead him on. I always begin with a Gerome, a rare Meissonier, or a fine example of the late Sir Frederick Leighton. But in about six months he warms up and I have to get him pictures of the Fontainebleau school. In about two years he'll stand for nothing less than Rembrandt or Velasquez. Why, last winter, I had to find a triptych by Cimabue (it's pronounced Chimmy Boey) who lived about a million years ago, and this guy had read about in Baedeker. It set Rosenbach and me back three thousand dollars to get the plant right. We had to find a palace in Florence and an Italian marquis who was forced to part with his ancestral treasures and a lot of old family retainers at three dollars a day, and then we nearly lost the customer because the wop that was boring the worm holes in the triptych had a death in his family and laid off work for a month. If you ever go to Florence you want to see that wormhole maker. He's the best in the business. He's president of the Wormhole Makers' union. He's an artist. Most of the old Italian furniture in America has worm holes made by him. I think he must've started life at a worm. He came around all right and we snatched the triptych out of Florence by night, on account of the public monument law which prevents Italians from selling these rare old treasures to foreigners. The man that bought it was a butcher. When Rosenbach went to America the butcher took him around to see his collection. The kike knows more about pictures on the leg than anyone living, and he told me that the average size of the butcher's collection was about two and a half years."

FINE RECEPTION TO PRESIDENT TAFT

Accorded Him on the Pacific Coast—He Reached Portland, Ore., Last Evening.

Portland, Ore., Oct. 12.—On one of the busiest days of his present trip, President Taft crossed the Columbia river into Oregon and arrived in Portland last night. He spent the day in traveling south from Tacoma. The only long stop was made at Olympia, where Mr. Taft was the guest at luncheon of Governor Hay of Washington.

Last night the president dined with the Portland Commercial club and later spoke in the armory. At the Columbus club Mr. Taft made a short talk to the Knights of Columbus, referring especially to Columbus day, which, largely through the efforts of the organization, was made a legal holiday by the legislature this year.

His reception here and throughout southwestern Washington was good. Senator Bourne, one of the leaders of the "insurgents" in the Senate, who two years ago entertained Mr. Taft while in Portland, was not present last night, but other Oregonians of prominence, including Senator Chamberlain and Governor West, welcomed President Taft to Oregon. Senator Bourne is in Washington.

The president spoke on all sorts of subjects yesterday from the tariff veto to woman's suffrage and peace and arbitration and there were many incidents that contributed to take the day out of the routine.

At Sepeal, Wash., where a few hundred persons had gathered to listen to a rear platform talk, Congressman Warburton, an insurgent and one of those who voted for the tariff bill which the president vetoed in the spring, made the introductory speech.

"I wish to introduce our president," he said. "He has served two years, and I hope he will serve eight years."

At Castle Rock and at Woodland, the president discussed woman's suffrage briefly. He said that the East was looking to Washington, the largest commonwealth in the world that had woman suffrage, to prove its wisdom or its folly.

"If women vote," he said at Woodland, "suffrage will be a success. If they don't, it won't be; but I hope they will all vote."

At Kalama the president had been asked to speak on peace and as he alighted from his train, four doves were freed by a member of the reception committee. One circled high above his head for several minutes while he was speaking.

The president had a little opposition at Castle Rock. A man dressed in red, who circulated copies of a Socialist newspaper with a glaring front page editorial directed against Mr. Taft, tried to speak against the president, but did not make much headway.

Just before crossing the Columbia river at Vancouver, the president said farewell to Washington.

A note near by acted as interpreter to a number of fellow deaf mutes and kept his fingers flying while the president delivered his message of thanks to the people of Washington and explained what the Panama canal would mean to the United States.

The decision was given by Judge Joseph Buffington and sustains the opinion of the circuit court, which had decreed that the evidence produced before the lower court was "not sufficiently satisfactory either in quality or amount" to establish infringement.

The appellate court goes a step further and declares that two certain claims in two of the Krupp patents are invalid and that, therefore, there could not be any infringement on the patents for a process of manufacturing armor plate.

The decision was given by Judge Joseph Buffington and sustains the opinion of the circuit court, which had decreed that the evidence produced before the lower court was "not sufficiently satisfactory either in quality or amount" to establish infringement.

CLOSE GUARD ON MURDERER

Matthew Carlyle Is Acting Peculiarly at Times

FUNERAL OF ONE VICTIM

Fellow-soldiers of the Murderer Are Very Much Worked Up Over the Situation, as They Feel Whole Corps at Fault Is Disgraced.

Burlington, Oct. 12.—A strong guard is being kept over Matthew Carlyle, the colored trooper, who shot and killed three persons in his wild frenzy Tuesday afternoon. The prisoner appears to be doing well, as the wound in his thigh, which was received when resisting arrest, is not considered serious.

Yesterday afternoon, under the same roof with his murderer, brief funeral services were conducted over the remains of Andrew C. Fox. The chaplain read the service and, with G troop as an escort, the body was later brought to the station in this city, where it was placed aboard a train for Charlotte, N. C., the former home of the soldier. In military fashion, the dead man's horse was led behind the hearse and the trumpeters preceded the procession. What will be done with the bodies of the other two victims has not been decided yet, but it is not thought that they had any means and it may be that the town of Essex Junction, in which they were living at the time of their deaths, will be obliged to pay the funeral expenses.

The feeling of the soldiers at the post against Carlyle is intense, and they realize that he has not only committed an awful deed, but has brought disgrace on the regiment. The man is acting queerly in the hospital, and appears insane, but the word of all who have seen him seems to indicate that he is slacking. Once during the night he started to get out of bed, but the word of the guard that he would shoot him dead if he tried the game again, served to keep him quiet.

Neither State's Attorney H. R. Shaw or the federal authorities could state yesterday who would try Carlyle. Mr. Shaw went to work again on the case with as much vigor as though it were to be tried in the state courts, but said that he would recognize the fact that the first crime was committed on the reservation. Yesterday morning he, with Sheriff J. H. Allen, Chief P. J. Russell and Engineer J. M. McIntosh, and Mamie Wilson and Clarence Blufford, two witnesses who had been taken into custody, visited the scene of the shooting. The two colored people told their stories and measurements were taken. A stenographer has accompanied all the expeditions to the post, and a careful record of different statements has been kept.

BROKE TRACK RECORD AT TOPSHAM, MAINE

Al Dillard, Barre Race Horse, Captured the 2:13 Class in Straight Heats Without Great Trouble.

Page Bros' favorite speed horse, Al Dillard, sprang into the limelight again yesterday this time at Topsham, Me., where the game little peer took three straight heats in the 2:13 class in a field of five horses. The time by heats was as follows: 2:13 1/4, 2:13 1/2, 2:12 1/4. Incidentally, the local horse smashed all speed records on the Topsham track, where a record of 2:13 1/4 has stood unbroken for two years. Ed. Sunderland rode behind Dillard and handled the horse in the same manner that has characterized his work with him in so many races during the season now closing. The starters in the race follow: Northern Spy, Queen Inez, Nixie B, Sir Patch, and the Dillard horse. Included in this field are some of the fastest travelers on the circuits.

IN JAIL FOR SOME TIME.

Joseph Adams Pleaded Guilty to Four Charges.

Burlington, Oct. 12.—Joseph Adams, known among his fraternity as "Jockey," pleaded guilty in Chittenden county court yesterday afternoon to four informations, three charging him with petty larceny and one with attempted grand larceny. On the first three charges he was sentenced to serve not less than two and one-half months nor more than five months in jail for each offense, and on the last named charge he was sentenced to not less than two nor more than three months in jail.

"Jockey" Adams is the colored man who tried to work money-changing "flim-flam" games about the city. His method was to tender a \$10 bill for a small purchase, and by talking fast and furious, and by passing change back and forth, endeavor to get \$15 in change. He came here from Montreal.

Adams is an optimistic and partakes of the hope in jail. His physical condition is such that he cannot get along without it.

SMALL SUM INVOLVED. Three Judges and 12 Jurors Hear Squabble Over \$29.84.

Rutland, Oct. 12.—One of the most insignificant cases which has reached Rutland county court in a long time, was tried yesterday, when three judges, 12 jurors, and three lawyers and a dozen or more witnesses gave their sole attention to the trial of a suit in which \$29.84 is involved. A. H. Ward, a farm hand, sues R. T. Purinton of Rutland for wages alleged to be due him. The men had a dispute, and Ward left work without notice, leaving Purinton's team in a field.

John Carrell, who stole \$125 from the Uwanta lunch room here last February and was later arrested at an army post in San Antonio, Tex., pleaded guilty to grand larceny yesterday, and was placed in the hands of a probation officer, a sentence of not less than two nor more than three years in state's prison being suspended. It was shown that while out on bail, the boy was working steadily and paid back a substantial part of the money.

WAR BEGINS TO LARGE PROPORTIONS

Nineteen Transports, Bringing Second Part of Italian Army Expeditionary Corps, Reached Tripoli's Harbor This Morning.

Tripoli, Oct. 12.—Nineteen transports arrived in the harbor this morning, bringing a second part of the Italian army expeditionary corps, which is to occupy Tripoli. The landing of the troops, artillery, ammunition and horses began immediately.

MADE PUBLIC BEQUESTS.

But Bulk of Millions Was Left to Her Relatives.

Pittsfield, Mass., Oct. 12.—A number of bequests to the New England religious and charitable institutions are contained in the will of Mrs. Mary L. Nickerson, wife of Rev. T. W. Nickerson, rector of St. Stephens Episcopal church in this city, which was filed for probate yesterday.

Mrs. Nickerson left an estate valued in the millions. The bulk of the estate, however, is left in trust for the benefit of her husband and son.

A Big Organization. That magnificent institution known as the New England Fat Men's club, which is to have its annual meeting and game banquet at Wells River, Vt., on Oct. 20, is a large affair collectively, as well as individually. Although it has been organized but seven years, its membership is now nearly 5,000, and includes many of the most famous men in the country, not excepting President Taft and William J. Bryan. Its intellectual weight is even greater than its avoirdupois—and that is saying a whole lot.—Manchester Union.

FIVE WARRANTS ISSUED.

For Alleged False Weights In Burlington Stores.

Burlington, Oct. 12.—Two inspectors of weight and measure department of the state visited Burlington yesterday on a tour of inspection and as a result five warrants for violations of the laws were sworn out by Grand Jurors S. R. Moulton. The charges were made by Inspectors C. S. Fleury of Swanton and T. J. Moher of Rutland, and in each case the violation is claimed to consist of the use of liquid measures instead of the measure being done by weight, as is required by law. Those who, it is claimed, violated the law in this respect are: C. H. Ellis, Ritchie's creamery, Mrs. Adeline Saltus, J. O'Brien of Hyde street, and L. Colony of North Winooski avenue.

The inspectors went into stores unheralded and bought goods in the ordinary manner. In some places beans were purchased and in others potatoes, apples and other merchandise. About \$9 was spent in this matter and the purchases will be used as evidence if the cases are fought. In all, about 20 stores were visited but only these five were found to be irregular. In no case were the scales found to be wrong, the close inspection made a few weeks ago having done away with that most common trouble.

Both Mr. Fleury and Mr. Moher stated last evening that every merchant in the city had been warned on the first visit that their store would be visited again and that if anything were found to be wrong prosecutions would follow; although they were not obliged to give any such warning.

The law distinctly provides that all dry merchandise be measured by weight and now in some of the stores, which are complying with the law, no liquid measures can be found excepting where used for measuring oil, etc. The reason for this is that some articles fill up a measure much more quickly than others, when there is in reality nowhere near as much. This means of dealing has been much used by street peddlers who buy their goods by weight and dispose of them by measure and are therefore enabled to cut prices.

FINE PARADE OPENED DAY

Columbus Day in Barre Began Most Auspiciously

GREAT CROWDS TURN OUT

The Procession of Organizations, Floats, Automobiles, Etc., One of Best Ever Seen in the City—Good Weather Aided Celebration.

With weather conditions most propitious, the first observance of Vermont's recently legalized holiday, Columbus day, was started in Barre this morning, and the indications pointed to one of the best celebrations of the kind ever held in the city. The distinctive feature of the forenoon was the parade of various organizations, floats, city departments and automobiles, and it was witnessed by a large crowd of people, many having been attracted from the surrounding territory. A fine program of sports at the trotting park is the leading attraction this afternoon, while in the evening there will be exercises at the Barre opera house, followed by a Columbus day dance in Howland hall.

The greater part of the granite industry was suspended for the day, but the stores kept open as a rule. The streets began to fill with the crowds early in the forenoon, and by the time the parade had started from the Granite City trotting park and the south end of the city, the sidewalks were crowded with a holiday rush.

The parade was long and well made up, there being a large number of interesting things, not to forget also the long string of automobiles ever seen in the city. Dr. Joe W. Jackson was the chief marshal of the parade, with N. J. Roberts, P. E. McNulty, Douglas Barclay, Thomas Mercer and Charles Lundy as aides.

The line of march was down South Main, to Church, from Church to Academy, Academy to East and thence to Eastern avenue, down part of Elm to Summer, to Maple avenue to the north end of the city and then back Main street to the starting-point, where the procession dispersed.

The line was made up as follows:

Police
City officials
Marshal
Barre band
Float—"Santa Maria," the vessel in which Columbus made his trip of discovery. By Modern Woodmen.
Float—Summer street school children.
Float—Columbus Discovering America.
Italian City's club.
Float—Torment Hand Engine No. 1, with 12 veteran firemen. Barre Fire Department—all members over 35 years in service.
Barre Chemical Engine and Ladder Truck with firemen.
Hosa Co. No. 2.
Float—Grocery Store. By Smith & Cummings.
Automobiles.
Float—E. A. Brown's drug store—Mortar and Pestle.
Float—Columbus before the Queen of Spain. Ancient Order of Hibernians.
Clan Gordon—100 men.
Waterbury Band.
Float—Mathewson school children.
Float—D. A. Perry Real Estate agency.
Float—Barre police.
Float—Quitting of the Indians.
Knights of Columbus.
Knights of Columbus—80 men.
Float—Representing Granite City Creamery. L. B. Dodge.
Float—City Bank. C. A. Caron.
Float—Lincoln school.
Float—Brook street school.
Float—Church street school.
Float—Beckley street.
Float—Hobo Band. Italian Pleasure club.
Float—Barre Candy Kitchen—Mascott.
Float—Blacksmith Shop, by C. H. Leslie, horseshoer.
Float—Ayers street school.
Float—Pocahontas saving the life of Captain John Smith. Twenty warriors, chiefs and braves. Iroquois tribe, I. O. R. M.
Float—Hive, with two ladies and two children. Harmon Hive, I. O. L. G.
Float—Rube Dan, East Barre.
Float—Barre Steam Laundry.
Float—"Goose Green 23" in a Cadillac drawn by Maxwell.
Boy scouts, troop 1, Baptist church.
Troop 20, Congregational; troop 3, Presbyterian church; troop 4, Methodist church; troop 5, Universalist church.
Plainfield Band.
Float 1912 car.
Float—East Barre graded school.
Automobiles.

50,000 PARADE

IN BOSTON TO-DAY

Celebration of Columbus Day Proved to Be a Big Event There—Many Celebrations Throughout New England.

Boston, Oct. 12.—Columbus day was generally celebrated throughout Massachusetts to-day. The biggest observance occurred here, where a parade of Catholic societies was the feature event. Fifty thousand men were in line when the order to march was given. The parade was reviewed by Governor Foss, Mayor Fitzgerald and Archbishop O'Connell.

Throughout New England there were observances of the day and public meetings. There were also many athletic contests, thousands gathering to witness contests on scores of gridirons. The aviation meet at Salem, N. H., was the feature in that state.

Tenements are becoming plentiful in Springfield, rents are dropping, people are leaving town in search of work, and the outlook for winter is rather gloomy. The Parks & Woolson Co. has discharged a number of men who have been working on a four-day-a-week schedule.

MATHER-BRADFORD.

Barre Young Lady Becomes Bride of an Oklahoma Man.

Miss Blanche Lena Bradford, daughter of Mr. and Mrs. William A. Bradford of 108 South Main street, and Harold Emmett Mather of Billings, Oklahoma, formerly of Burlington, were united in marriage at the home of the bride at 8:30 last evening in a very pretty ceremony. There were present the relatives of the contracting parties and their immediate circles of friends. The officiating clergyman was Rev. Edward C. Downey, pastor of the Universalist church of this city.

The residence was very prettily decorated, the room in which the ceremony was performed having a bower of white, with smilax, and the diningroom had a pink and white color scheme.

Miss Hallie Lane of Montpelier, a friend of the bride, played the wedding march from Lohengrin as the wedding party entered, eight ribbon-bearers coming first and forming the aisle. The eight were Mrs. Meriden Bradford Luther of Boston and Miss Gladys Bradford of this city, sisters of the bride, Mrs. Florence Parker Kenyon, Mrs. Bessie Thwing Smith of Northfield, Mrs. Ivis Averill Love, Mrs. Metta Cummings Cole, Mrs. Conning Walms and Miss Allie Troy. Next came the groom, with his best man, James N. Galt; Miss Eula Averill of Barre and Miss Mabel Martin of Montpelier, the bridesmaids, wearing blue chiffon and carrying pink carnations; Miss Shirley Bradford, sister of the bride, the maid of honor, wearing blue net over mesaline and carrying pink roses; the flower girl, Alice Bradford, the bride's niece; and then the bride, leaning on the arm of her father.

The bride was beautifully gowned in white, embroidered net over mesaline, cut in train; and she wore a veil, caught with orange blossoms which were used at her mother's and then at her sister's wedding. The bride carried a handsome bouquet of bride's roses.

Following the ceremony, in which the double-ring service was used, the young couple received most hearty congratulations. The guests were then ushered to the diningroom, the ushers being Charles M. Bradford, Charles C. Kenyon and Neil Ralph, with Mrs. Irving J. Whitehead. A dainty collation was there served, Mrs. Florence Kenyon and Mrs. Bessie Smith presiding at the table and Mrs. Metta Cole, Mrs. Ivis Love, Miss Nellie Blanchard and Miss Gladys Bradford assisting. Mrs. C. N. Benedict was cateress. In another room, where the numerous presents were displayed, the guest book was in charge of Mrs. Charles A. Brown and Miss Evelyn Phelps.

After spending a month in this vicinity, Mr. and Mrs. Mather will go to Billings, Oklahoma, where the groom has resided for several years following his departure from this city. He has many friends here, having been engaged with the Frank McWhorter company for some time. The bride was graduated from Spaulding high school in 1905 and later attended Bryant & Stratton college in Boston. The best wishes of a large circle of friends will go with the couple to their home in the middle West.

CURTIS-CAVE.

Spaulding High School Graduate Bride in Pretty Autumn Wedding.

One of the prettiest autumn weddings of the season was celebrated at the home of Mr. and Mrs. Thomas H. Cave, sr., 14 Eastern avenue, yesterday afternoon at 4:30 o'clock, when their daughter, Miss Bessie Elvira Curtis, was united in marriage to C. Philip Curtis of Sharon, Mass. Rev. E. O. Thayer, pastor of the Hedding Methodist church, performed the ceremony, the double ring service being used. The wedding took place under an arch of brilliant autumn leaves and cut flowers. The room was artistically decorated with festoons of crepe paper; the color scheme was tastefully carried out in pink and white.

The couple were unattended, and the ceremony was witnessed only by the two families and immediate friends of the contracting parties. Miss Cora Sowden, a niece of the bride played the "Bridal Chorus" from Lohengrin, and Mrs. Melville Shafer of Danvers, Mass., sang a solo, "Wedding Morn."

The bride was dressed in a gown of white mesaline, trimmed with cluny lace, and carried a bouquet of bride's roses. Immediately after the ceremony, a dainty collation was served the company in the diningroom.

The wedding presents, of which there were many, consisted of cut glass, china, linen, etc. The couple left last night for Montreal, P. Q., where they will pass a week's honeymoon. They will be at home in Sharon, Mass., after December 5.

Mrs. Curtis is one of the best known young women of the city. She graduated from Spaulding high school in 1900. Since that time she has been an eminently successful teacher in the public schools of Bradford, Vt., and Sharon, Mass. Her period of service in the schools of the latter place, where she has gained for herself a host of friends, ended last June. The groom, an electrician by trade, is a rising and popular young business man of Sharon.

JURY REPORTED

A DISAGREEMENT

In Case of Normandeau vs. Fire District No. 1, Barre Town, and Were Then Sent Back for Further Deliberation To-day.

After having the case since yesterday afternoon, the jury in the case of E. M. Normandeau vs. Fire District No. 1, Barre Town, came into Washington county court this morning at nine o'clock and reported that they could not agree. Judge Taylor addressed them and sent them back for further deliberation of the case. The suit was over additional work in the construction of a dam for a water reservoir. The case has taken nearly a week.

There was no session of the court to-day, adjournment having been taken to to-morrow morning, when the trial of John Turley on the charge of murdering John McAvley at Westerville last July is expected to be started.

MORE POWER IS PROMISED

Pres. P. of Consolidated C. Gives Assurances

TO BARRE BUSINESS MEN

Said Last Night That His Company Expects to Expend \$100,000 in Adding to Present Equipment and Improving Present Service Lines.

President Bennett of the Consolidated Lighting Co. met the power committee of the Granite Manufacturers' association, the Quarry Owners' association and the board of trade last evening to talk over the power situation in Barre. President Bennett gave assurance that the company would be amply able to take care of all its present customers in the future, and that it expected to spend \$100,000 to do this in adding to its present equipment and improving its present service lines. Work on plans to this end are now in progress.

He stated that between now and May 1, next, new and heavier feed wire would be strung between the pioneer power house and Barre that would increase the present efficiency 10 per cent, and that an additional generator is to be put in at the power station to make the auxiliary power equal to the water power.

The situation became quite acute during the past summer when there was such a shortage of electric power that the production of the granite plants was considerably curtailed. The plants were forced to take turns in suspending
